

# Floor Light

## INSTRUCTION MANUAL

### Safety Warnings

- This product is only suitable for connection to a 240V~50Hz supply in accordance with current IEE wiring regulations. It is for indoor use only, and not suitable for a bathroom location.
- This fitting is a Class II, Double Insulated product  and does not require an Earth. Live or Neutral **must not** be connected to Earth.
- Do not plug into the mains until your lamp is fully assembled.
- Under no circumstances must this table lamp be covered with any material as this could pose a safety hazard. It must be used on a stable, flat surface.
- Never fit bulbs of a higher wattage than those specified on the label, as these may damage the fitting.
- The lamp must be protected by a 3 amp fuse in the mains plug.
- If the mains cable becomes damaged it must only be replaced by a technically competent, qualified person.
- If you are in any doubt about your competence please consult a qualified electrician.
- This product contains delicate parts – take care during handling and maintenance to avoid breakage.
- If any modification is made it will invalidate the warranty and may render the product unsafe.

### Care Information

Allow 10 minutes to cool before replacing, adjusting or cleaning.  
Clean with a dry cloth only. Do not use liquid or abrasive cleaners on this product.

### Assembly/ User Instructions

#### Before you start

Please read these instructions carefully before fitting and retain for reference. Check the packaging and make sure that you have all the required parts. Follow each assembly step in order to prevent incorrect assembly. Ensure that the product is fully assembled as illustrated before use.

**These assembly diagrams are intended as a guide – if in doubt consult a qualified electrician.**

1. Carefully unpack your Lamp, and place on a stable, flat surface.
2. Screw together the sections of stem, starting with the top (1) and working down (2).
3. Gently pull through the cable, ensuring it is not trapped or strained, then screw the stem to the base (3). Affix the base pad (4).
4. Install the bulbs (5). Do not install a bulb with a greater wattage or different shape than specified on the label.
5. Fit the aluminium tubes (6) by slotting into the holes at the top of the shade, and lowering into the trim at the base of the shade. Fit the top cover (7).
6. Plug in, and operate the switch to turn your lamp on.

If your lamp will not illuminate, please check the bulb, the 3 amp fuse in the plug and ultimately check the relevant fuse in your Fuse Box. If unsuccessful please consult your Retailer.

To use this item in Europe, the 3 pin adaptor can be removed by loosening the central screw and removing the adaptor to reveal the 2 pin Europe plug.
